DETAILED ACTION

Information Disclosure Statement

1. The references in the Information Disclosure Statement (IDS) submitted on 7/11/03 were listed improperly and were subsequently voided. These references were provided on a PTO-892 attached with the Office Action dated 7/11/03. However, the DeBoynton et al. (U.S. Patent No. 6304383) and the Fan et al. (U.S. Patent No. 6469847) were inadvertently left out. Examiner additionally notes that the patent numbers for both the DeBoynton et al. and Fan et al. references are listed incorrectly. The U.S. 5751487 reference, although listed improperly with the incorrect inventors, is listed correctly as a separate reference in both the IDS and PTO-892 of 7/11/03, and thus has been considered during the prosecution of the instant application. The proper patent numbers for the DeBoynton et al. and Fan et al. references have been provided in the attached PTO-892. The Examiner further notes that both the DeBoynton et al. (U.S. Patent No. 6304383) and Fan et al. (U.S. Patent No. 6469847) references were considered during the prosecution of the instant application.
